KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of the Franklin Templeton Global Funds Plc, an open-ended investment company with variable capital organised under the laws of Ireland as a public limited company pursuant to the Companies Acts and the UCITS Regulations, that aims to achieve total return, through income and capital appreciation by investing primarily in "blue chip" debt securities listed or traded on Regulated Markets.
- If you invest in a distributing class, you may receive distributions at the frequency indicated in the name of the distributing class.
- Distributions will reduce the net asset value per share of the share class.

Refer to the "The Company", "The Funds – Share Classes" and "Investment Objectives and Policies and Product Suitability" sections in Paragraphs 1, 2.4 and 5.1 of the Prospectus for further information on features of the product.

Investment Strategy

- The Fund will invest primarily in debt securities that are:
 - rated A- or higher by S&P or the equivalent by another NRSRO (or if unrated deemed to be of comparable quality);
 - (i) issued by corporate issuers domiciled in any jurisdiction other than an Emerging Market Country which are "blue chip" companies (i.e. with a long-term debt rating of A- or higher by S&P or the equivalent by another NRSRO or if unrated are deemed to be of comparable quality) and/or (ii) issued by supranational organisations which have a long-term debt rating of A- or higher by S&P or the equivalent by another NRSRO (or if unrated deemed to be of comparable quality); and

Refer to the "Investment Objectives and Policies and Product Suitability" section in Paragraph 5.1 of the Prospectus for further information on the investment strategy of the product.

¹ The Prospectus is available for collection during normal business hours from 7 Temasek Boulevard, Suntec Tower One, #26-03, Singapore 038987, or accessible at <https://www.franklintempleton.com.sg>.

² Inception date of the earliest incepted Share Class offered in the Prospectus.

- o listed or traded on Regulated Markets. • The Fund will only invest in those corporate debt securities that in the opinion of the Investment Manager and Sub-Investment Managers (collectively, “Western Asset”) are ranked at least senior unsecured corporate debt securities of the relevant issuer. • The Fund may also invest in, inter alia, securities issued or guaranteed by national governments, securities of supranational organisations, and Reverse Repurchase Agreements with debt securities as the underlying instruments (for efficient portfolio management purposes only and subject to the requirements of the Central Bank of Ireland). • The securities comprising the investment universe of the Fund are evaluated using a proprietary system and MSCI’s ESG framework. The Fund seeks to invest in securities of issuers that, in the aggregate, achieve a weighted average portfolio carbon intensity which is at least 20% lower than the Benchmark. • The Fund’s portfolio will maintain an average MSCI ESG rating of BBB or better. The Fund may invest no more than 10% of its Net Asset Value in securities of issuers with MSCI ESG ratings of BB or below at the time of purchase. • The Investment Manager applies ESG ratings to at least 90% of the securities in which the Fund invests. • The Fund may invest in securities denominated in any currency. However, the Fund will attempt to hedge all non-US Dollar positions to the US Dollar. Under normal market conditions, the Fund’s exposure to currencies other than the US Dollar is not expected to exceed 1% of its net asset value. • The Fund promotes environmental characteristics and is classified as an Article 8 financial product pursuant to the Sustainable Finance Disclosure Regulation ((EU) 2019/2088). The investments underlying the Fund do not take into account the EU criteria for environmentally sustainable economic activities, however, in line with its ESG methodology, the Fund may hold investments that seek to contribute to climate change mitigation and climate change adaptation. • Western Asset expects the average duration of the Fund’s investment to range between 0 and 5 years, depending on Western Asset’s forecast for interest rates and yields. However, the Fund may invest in individual securities of any duration. • The Benchmark is not used for performance comparison purposes. The Fund is actively managed. The Investment Manager has discretion in selecting investments within the Fund’s objective and investment policies. • The Fund may invest in certain types of derivatives for investment purposes and/or for efficient portfolio management. The Fund’s leverage arising from derivatives is not expected to exceed 50% of its total net asset value. The Fund will not take direct short positions on individual securities. • The Fund’s maximum notional exposure to total return swaps and SFTs is 100% of its net asset value (expected exposure in the range of 0% to 20% of its net asset value).	
Parties Involved	
WHO ARE YOU INVESTING WITH? • The Fund is constituted under the Irish-domiciled Franklin Templeton Global Funds Plc. • The Manager of the Fund is Franklin Templeton International Services S.à r.l., the Investment Manager of the Fund is Western Asset Management Company Limited, the Sub-Investment Managers of the Fund are Western Asset Management Company, LLC, Western Asset Management Company Pte. Ltd. and Western Asset Management Company Ltd and the Depositary is The Bank of New York Mellon SANV, Dublin Branch.	Refer to the “The Company”, “Management” and “The Depositary” sections in Paragraphs 1, 3 and 4.4 of the Prospectus for further information on the role and responsibilities of these entities and what happens if they become insolvent.
KEY RISKS	
WHAT ARE THE KEY RISKS OF THIS INVESTMENT? The value of the product and its dividends or coupons (if any) may rise or fall. These risk factors may cause you to lose some or all of your investment and your principal may be at risk:	Refer to the “Risk Factors” section in Paragraph 8 of the Prospectus for further information on risks of the product.

Market and Credit Risks									
You are exposed to market risks – The value of your investments may go up or down due to changing economic conditions or developments regarding individual issuers of debt securities that the Fund invests in. You are exposed to currency risks – An investment in the shares of the Fund (including hedged share classes) may entail exchange rate risks. If you invest in a share class that is not denominated in SGD and your reference currency is SGD, you may be exposed to additional exchange rate risks.									
Liquidity Risks									
The Fund is not listed in Singapore and you can redeem your shares only on Dealing Days – There is no secondary market in Singapore for the Fund. All redemption requests may only be made in the manner described in the Prospectus. Your redemption request may be deferred to subsequent Dealing Days if total redemption requests on a Dealing Day exceed 10% of the Fund's shares in issue. You will not be able to redeem your shares during any period where redemption is suspended.									
Product-Specific Risks									
You are exposed to risks of debt securities as this is a fixed income fund. - The value of debt securities is likely to decline in times of rising interest rates and vice versa. Other risks include liquidity risk, credit risk, risk of government securities, risk of high yield securities and risk of rated and unrated securities. - Although the Fund may invest in securities of "blue chip" corporate issuers, such securities, like other debt securities, are subject to investment risk and may decline in value. You are exposed to derivatives risks – The value of debt securities is likely to decline in times of rising interest rates and vice versa. Other risks include liquidity risk, credit risk, risk of government securities, risk of high yield securities and risk of rated and unrated securities. You may be exposed to risks of unsecured European bank debt instruments. - The Fund may invest in capital or senior unsecured debt issued by EU domiciled financial institutions (banks) that are being affected by the BRRD. - Unsecured debt instruments of these financial institutions are subject to the BRRD resolution regime and in the event of resolution: (i) the outstanding amount may be reduced to zero or the security may be converted into ordinary shares or other instruments of ownership for the purpose of stabilisation and loss absorption; (ii) a transfer of assets to a bridge bank or in a sale of business may limit the capacity of the financial institution to meet repayment obligations; (iii) the maturity of instruments or the interest rate under these instruments can be altered and the payments may be suspended for a certain period. You are exposed to sustainability risk - Integration of sustainability risks in the investment decision process may have the effect of excluding profitable investments from the investment universe of the Fund and may also cause the Fund to sell investments that will continue to perform well.
